PUBLIC DOCUMENTS.

A Question as to Who Will Distribute Them.

CONGRESS MADE NO PROVISION.

Ex-Members of the Fifty-First Congress and Their Successors Each Claim the Control of the Distribution—Other Dispatches from Washington.

WASHINGTON, March 21.—It is probable trouble will result between ex-members of the Fifty-first congress and their successors of the Fifty-second over the distribution of the immense number of public documents provided for by the congress just ended and which are yet to be printed.

In years past it has been the custom of the house, before the adjournment of a congress, to adopt a resolution allowing the members of that congress to control the distribution of public documents until the new congress assembled in the following December. Such a resolution was not passed by the recent congress, and now members of the Fifty-second, are claiming that they have a right to all documents printed after the 4th of March, while the retiring members of the Fifty-first contend that documents authorized by that congress, no matter when they were printed belong to its members.

JANUARY IMMIGRATION.

An Increase of Twenty-Five Per Cent Over That of January, 1890.

WASHINGTON, March 21.—In view of the recent action of the citizens of New Orleans in their efforts to stamp out the Mafia by killing the agents of that dreaded Italian secret organization, the bulletin of the bureau of statistics, is issued Thursday, showing the number of immigrants of all nationalities who have landed on our shores for the month of January, is of interest.

It is shown that the total number of immigrants landed at the various American ports during the month of January was 14,287. This is an increase over the corresponding month of last year of 2,989.

The German immigrants were most numerous, numbering 2,635 persons.

Russia is not in the list, 2,017 of her citizens emigrating to the United States. This large Russian contingent was composed principally of Hebrews who were driven from their native land by the cruel oppression of the czar.

The Italians stand third in the list of immigrants, numbering 1,766, as against 1,621 entering American ports from sunny Italy in January, 1890. Italian immigration has been quite large during the past seven months. During this time 27,282 Italians have arrived in this country. Bohemia, Hungary, England and Poland also contributed very greatly during the month of January to swell our population, each of these countries sending about 1,200 immigrants.

Naval War College to Be Established.

WASHINGTON, March 21.—Under authority of a section of the naval appropriation bill, the bureau of navigation of the navy department has begun the preparation of plans for the re-establishment of the naval war college. The preparations are being advanced rapidly and within a few months the college will probably be in operation. The appropriation bill provided for the consideration of new buildings, and the navy department intends to erect suitable lecture rooms and to purchase all necessary apparatus. Coasters' Island, off Newport, will be the site of the college, and this selection is considered particularly advantageous because the nearness of the sea will allow practical demonstrations to be made.

Must Pay the Duties.

WASHINGTON, March 21.—Assistant Secretary Spalding has informed Baldwin & Company, of New York, that there is no objection to their exporting one case of dresses consigned to them for delivery to Mrs. William Astor provided the duties have been or shall be paid.

CHARGED WITH MURDER.

Death Plays Another Part in the Columbus, Indiana, Tragedy.

COLUMBUS, Ind., March 21.—Robert Skillman, who was shot at the Panhandle depot of this city last Thursday evening week, by Lambert N. Goldsmith, and has since been lying at the city hospital, died yesterday morning at 3:45 o'clock.

Goldsmith was released on a \$5,000 bond on Wednesday morning, and has been at his home in Louisville, but he kept up constant communication with his friends here by telegraph. The charge upon which he was released was assault and battery with attempt to kill.

A telegram was sent to Louisville after the death of Skillman yesterday morning, to rearrest Goldsmith on a charge of murder, and City Marshal Haggerty went down on the early train to bring him back to this city. If he refuses to come without a requisition, one will be procured.

Freight Train Wrecked.

ST. JOHN, N. B., March 21.—Between 10 and 11 o'clock last night a special westbound freight train on the Canada Pacific railroad was derailed two miles east of Westfield. Fourteen cars went off the track and piled up one upon another, smashing themselves and tearing up the rails. As the track could not be cleared, the Western express and Canadian Pacific express from Halifax had to be held over here all night. One man only was injured. The loss to the road will be heavy.

WOOSTER, O., March 21.—George Fink and wife of Reedsburg, this county, died within fifteen minutes of each other. Fink dying of inflammation of the bowels. Mrs. Fink dropped dead from heart disease on the death bed of her husband.

CATHOLIC CONVENT PILLAGED.

Two Friars and a Porter Murdered and Several Others Wounded.

NEW YORK, March 21.—Advices from the Caroline islands report the attempted pillaging of the Catholic convent on the island of Santa Rosa, the murder of two friars and a porter, and the wounding of several other friars.

While the friars were at supper about 7 o'clock on the evening of Jan. 15, one of them, Friar Zagara, had occasion to leave the dining room, and in the dimly lighted hall he stumbled over the body of Thomas, a native who acted as porter. Thomas was bleeding profusely from a long, deep gash in his throat and from several wounds on the body. "Robbers," he gasped, as Friar Zagara raised the poor fellow's head. A moment later his head fell back. He was dead. Friar Zagara shouted an alarm, and the friars came trooping from the table.

While Friars Gomez, Morales and Gonzales were searching on the second floor of the convent they came upon two men who were ransacking the closets of the room. The robbers sprang at Gomez and Morales with uplifted knives, and before they could defend themselves the knives were buried to the hilt in their breasts. As Gomez was falling he was again stabbed by the murderer. Morales ran down stairs with the robbers in close pursuit. When he was at about the middle of the stairs he suddenly threw up his hands, stepped over, and fell dead. One of the robbers had thrown a sharp knife with such accurate aim that it had pierced the base of the skull and caused instant death.

By this time the alarm was given, and several officers of the garrison near by came hurrying to the convent and met them with a crowd of natives. The two robbers tried to get to the side of the convent which looks on the river, open a window and jump out. They were foiled in this, and they jumped at the crowd of friars and tried to hack and slash them to death. They were finally overpowered and bound.

The guard house, where the robbers are imprisoned, is doubly guarded for fear an attempt may be made by the natives to free them.

A GREAT ACTOR GONE.

Death of Lawrence Barrett at the Windsor Hotel in New York.

NEW YORK, March 21.—Lawrence Barrett, the actor, died last night at 10:45 o'clock at the Windsor hotel. The death was due to heart failure and was quite sudden. His wife and his physician were with him when he died. Mr. Barrett's illness dates from Wednesday night when he was compelled to leave the theatre where he was engaged. It was said at the time that he was merely suffering from a severe cold and would be out in a few days. Even yesterday the reports of his condition were very favorable. Late yesterday evening, however, his physician, Dr. Chambers, was summoned.

Heart failure, superinduced by pneumonia, was the direct cause of the tragedian's death. Dr. Chamber says pneumonia set in Thursday morning. Mrs. Barrett, who was in Boston, was sent for and arrived Thursday evening. Dr. J. P. Oliver, of Boston, Mr. Barrett's family physician, was also summoned and came at once. A consultation was held, and it was decided that Mr. Barrett's case was serious, but that if no other complications appeared, the sick man might pull through.

Between 5 and 10 o'clock yesterday evening there was a rapid change for the worse and at the latter hour Mr. Barrett was in a semi-conscious condition. About fifteen minutes before the end came Mr. Barrett was entirely unconscious and so he remained until he died. The funeral will probably take place in Boston. Edwin Booth was deeply moved when he received the notice of Mr. Barrett's death.

ITALIAN MANIFESTO.

They Are Called Upon to Be Peaceful and Obey the Laws.

CHICAGO, March 21.—Constituents of the Italian minister at Washington have issued the following manifesto through the Italian press of the city, pursuant to instructions from the Italian minister at Washington:

"Considering the great agitation throughout our local colonies in America caused by the events at New Orleans, I make through you a confident appeal to their patriotism, requesting them to show themselves at this time worthy of that most civilized country which gave them birth, by observing among themselves a strictly peaceful and lawful behavior."

The consul general here has also sent out the following note for publication in the Italian newspapers:

"The dignified protests made by the resident patriotic colony and its exemplary conduct during the present sad circumstances render further words of mine quite unnecessary in order to maintain complete and absolute calm and to faithfully and patiently await the final result of the actions of our royal government."

The following private cablegram has been received here from Rome:

"I am informed that assurances on the part of the Federal government at Washington have reached here saying that ample and satisfactory reparations will be given."

PARNELLISM LOSING FAVOR.

A Statement by The London Chronicle That Will Greatly Injure His Cause Among the Laboring Classes—Boulangists and Anarchists Raided in Paris. Prince Napoleon's Obsequies—Other Foreign News.

London, March 21.—The Chronicle declares that during the dock strike of 1889, Mr. Davy and Leary urged the National League to subscribe £1,000 to aid the strikers and that Mr. Parnell vetoed the project.

Last Sunday's labor conference in Dublin under Mr. Parnell's patronage was a fiasco. Only forty persons were present four of whom were delegates in behalf of 130 labor association. The Freeman's Journal reporter represented the coal porters.

Prince Napoleon's Obsequies.

TRINITY, March 21.—The remains of the late Prince Napoleon are interred here yesterday. They were met at the railroad station by the Duke of Genoa, the count of Turin and a guard of honor and were conveyed followed by an imposing procession, to the Church of La Supera and were there deposited in the royal crypt.

Friars Raided.

PRINCE, March 21.—The will of the dead prince designates Prince Louis Napoleon, one of his sons, as the former's successor as the head of the imperial house of Bonaparte. Prince Napoleon's estate, by the same instrument, is divided between the Princess Letitia, his daughter, and Prince Louis.

The name of Prince Victor, his other son, is not mentioned in the will.

Frauds in the German Military.

LONDON, March 21.—A Berlin correspondent states that the kniser has ordered a search investigation into the condition of the military stores. Alarmists go so far as to state that the situation in some respects is not different from that of France in the beginning of the late war, and that extensive frauds have been perpetrated upon the government. This, however, is not credited generally, and the war office has already begun an investigation that, it is believed, will expose whatever rottenness exists. Two officers of the ordnance department, who have been gambling heavily on small incomes, are under suspicion.

Insurgents Raided.

PARIS, March 21.—The police of this city yesterday evening raided and searched the houses of a number of leading Boulangists. They also arrested MM. Granier and Roche, member of the chamber of deputies, who belong to the Patriotic league, and two Anarchist leaders named Murphy and Caron, on a charge of fomenting an insurrection and intending to incite a disturbance at a meeting in honor of M. Jules Ferry. Many revolutionary documents have been seized by the police and will be used in evidence at the trial of the men in custody.

Utopia Victims Buried.

GIBRALTAR, March 21.—Twenty-eight adults and three children, victims of the Utopia disaster, were interred in a trench dug for the purpose yesterday, the ground having been specially consecrated by the Catholic clergy as a burial place. The funeral was attended by Prince Berardi, son of the King of Sweden, and captain of the Swedish frigate Freya, now in port, and by the clergy, the public officials, and officers of the British squadron and the Swedish vessel, as well as by an immense throng of civilians.

Insurgents in the Majority.

PARIS, March 21.—A delegate from the Chilian congressional or revolutionary party, who was sent to Europe for the purpose of placing the position and views of that party before the European powers, has arrived here. He states that two-thirds of the people of Chili are in favor of the insurgents' party, and that the latter have already a permanent hold on the northern provinces and their valuable resources of nitrate.

Vessel Ordred to Honolulu.

SAN FRANCISCO, March 21.—The steamer Mariposa's Sanborn advises say the United States steamer Iroquois has gone to Honolulu. No naval vessel of any nationality is at the islands at present. The American land commissioner has not yet arrived. The English and German commissioners are both here, but can do nothing towards taking up the question of land titles before the American commissioner arrives.

Closed by the Sheriff.

SYRACUSE, N. Y., March 21.—Reynolds, Goodyear & Company's grocery store was closed by the sheriff yesterday on judgments aggregating \$4,264.84. G. N. Crouse & Company attached the stock on a claim for \$600 before the levy. Gates & Thalhimer, of this city, creditors for \$1,500, succeeded in getting a bill of sale of goods enough to cover their claim.

No Report Made Yet.

NEW ORLEANS, March 21.—The grand jury is still in session and it is not known when it will report. A morning paper, in a double-headed editorial, advised the jury to return no indictment against persons concerned in the uprising, because it was a people's movement.

Swindled the Farmers.

CANTON, O., March 21.—A sharpie named Greenwald has been working a bogus check game upon the farmers in the vicinity of Middlebranch. After he had made liberal purchases of horses with checks he got Farmer Graybill to cash a worthless check and skipped.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

SATURDAY, MARCH 21, 1891.

At Louisville yesterday, Judge Jackson created a sensation by taking to task the petit jurors. He said that the way criminals were acquitted, who, according to the proof, were clearly guilty, was a disgrace to the dispensation of justice and brings the court and officials into bad repute. Such laxness is what leads to the taking of the law into their own hands by indignant citizens, of which we have had a recent example at New Orleans.

The Judge's remarks are timely, and many others on the bench ought to follow his example. Petit jurors are too often responsible for the acquittal of red-handed criminals.

He's Right.

Mr. William Bradford, of Chicago, subscribed to the Columbian fair, but refuses to pay any more assessments, saying that "the managers have already spent a large part of the money on champagne dinners and blow-outs to a man who gets more free dinners than any man in America." He utterly refuses to buy champagne for Messrs. Gage, Bryan, Depew and others of a chosen clique. Of course, in designating Depew as the most favored individual, tramps are excluded. Bradford refers only to the plutocracy.—Exchange.

Sale of the Armstrong Property.

The property to be sold next Wednesday consists of a large vacant lot just east of the residence of W. H. Cox, extending from Second to Third streets, fronting on Second 66 feet and on Third 150 feet. Also the several houses and lots between Second and Third streets on Sutton, and fronting on Sutton about 175 feet, and on Third 200 feet, and also the house in the brick row on Third street occupied by Judge Plister. All of said property is located in the most eligible and desirable parts of the city, and this will be a rare chance for buyers who want good property, and such as will always be in demand. The sale will commence at 10 o'clock a. m., and the large vacant lot on Second street will be the first parcel offered.

The Play To-night.

Don't fail to see Robert Downing, the greatest of all the heroic actors, who appears at the opera house this evening in his wonderful impersonation of "The Gladiator." The New York Dramatic News says: "A well-filled house greeted Robert Downing, in 'The Gladiator,' at the Windsor Theatre. The presentation was a great success, the audience often rising to the highest pitch of enthusiasm. Mr. Downing and the principal female members of the company were several times called before the curtain to receive the approbation of the auditors. This was particularly noticeable and well-deserved at the end of the second act, as also in the amphitheatre scene, in which Mr. Downing carried the audience completely with him and earned the honors he received. Mr. Downing is a rugged, virile, picturesque Gladiator, and looks the part to perfection. He is robust and muscular, and at all times has the horse in sympathy with him."

CAPTAIN LONGMOOR.

Sudden Death of the Clerk of the Court of Appeals Last Evening.

Stricken With Paralysis of the Heart While Conversing With His Friends.

The sad news of the sudden death of Captain W. W. Longmoor, Clerk of the Court of Appeals, will be learned with sorrow by his many friends throughout the State.

He died suddenly yesterday afternoon of heart disease.

He was in the Constitutional convention hall sitting by an old-fashioned wood fire. One of his friends had just asked him how he felt, and he replied that he never had enjoyed better health in his life; that his canvass last summer had weakened him somewhat, but recently he had improved and gained fifteen pounds in flesh.

Just as he finished the utterance he gave a sigh of pain, placed his hand to his heart, and, being asked what ailed him, said: "I am smothering. Give me a glass of water, for God's sake." Without assistance, he walked out to the rotunda of the building, and was thence assisted to the cloak room.

When he reached it he was in agony and was placed gently on the sofa by Delegates Glenn, of Covington, and Johnston, of Lexington, and Dr. Farmer, of Henderson, who were with him when first attacked. Several physicians were summoned, and all aid possible was rendered, but he was found beyond medical skill, and expired fifteen minutes from the time he reached the cloak room.

The time for the funeral and burial had not been fixed at last accounts. He will, however, probably be interred at Cynthiana, his old home. He leaves a wife and one son, seventeen years of age.

Mr. Longmoor was elected last August. He was an Ex-Confederate and lost his right leg at the battle of Cynthiana.

He is one of the two men on record who recovered, after having his leg taken off at the hip joint. He was in the fifty-first year of his age, and had been married twenty-three years.

His temporary successor in office will have to be appointed by the Judges of the Court of Appeals, and an election for the unexpired term will take place next August. The full term is eight years, and he had only served eight months.

JUDGE STANTON.

One of Maysville's Most Distinguished and Highly Honored Citizens.

Peaceful End of a Life Well Spent—Interesting Sketch of the Deceased.

the armories of Harper's Ferry and Springfield, and substituting civil superintendence.

In 1857, he was appointed Commonwealth's Attorney for what was then the Tenth Judicial District. He was elected to the same position in 1858, and held it until 1862, when he resigned. In 1868, he was elected Judge of the Circuit Court for this the Fourteenth Judicial District, and served the full term of six years.

He was a member of the Baltimore convention, of 1844, that nominated James K. Polk for President, and was also a member of the Baltimore convention, of 1852, that nominated Franklin Pierce for President. He was a member of the Union convention which met at Philadelphia in 1860; also of the New York convention which nominated Seymour for President in 1864.

In 1856 he was Presidential elector and cast the vote of his district for James Buchanan.

As a law writer, no man in Kentucky is better known. Among his published works are: "Civil and Criminal Code of Kentucky;" "Revised Statutes of Kentucky;" "Powers and Duties of Justices of the Peace, Clerks of Courts and Other Officers;" "Manual for Executors, Administrators and Guardians," and "Complete Digest of the Decisions of the Kentucky Court of Appeals, from 1795 to 1877."

Judge Stanton was always a Democrat, unwavering in his fealty to his party. He was one of the pioneers of Democracy in this section.

He was a voluminous and indefatigable writer, an able and successful lawyer and made for himself a record of which any one might well feel proud, and a place among the most distinguished men of his profession in the State.

In 1833 he was married, in Alexandria, Va., to Miss Throop, a native of that city. She survives him. Of the children born to them seven are still living. Among them are Major Henry T. Stanton, of Frankfort, a distinguished writer of poetry and fiction, widely known as the author of "The Moneyless Man." His other children are Mr. Clarence L. Stanton, for fifteen years editor of the BULLETIN, now Superintendent of Agencies for Tennessee and Alabama for the Northwestern Mutual Life Insurance Company; Mr. Richard H. Stanton, Jr., a lawyer of Carrollton, Ky.; Mrs. Throckmorton Forman, Mrs. James W. Pierce and Mrs. Lewis Pierce, of Fern Bank, near Cincinnati, and Mrs. Wm. E. Okey, of Cranford, N.J.

Deceased was a good citizen, kind-hearted, liberal in his views, a learned lawyer, an able writer, a man of firm convictions who could not be swerved from the path of duty, esteemed and honored by his fellow citizens and ever faithful and conscientious in the discharge of the trusts reposed in him.

The funeral takes place this afternoon at 2:30 o'clock at the family residence on East Second street. Rev. D. D. Chapin, rector of the Church of the Nativity, will officiate. Burial private.

A meeting of the Maysville Bar was held at Judge Wall's office at 11 o'clock this morning, at which it was resolved that the members attend the funeral in a body. A committee was appointed to prepare suitable memorial resolutions to report at April term of the Circuit Court.

The Committee on Resolutions consists of J. G. Hickman, Esq., Hon. W. H. Wadsworth, Hon. R. A. Cochran, T. C. Campbell, Esq., and Judge G. S. Wall.

Look. For to-day only, Hill & Co. are selling fancy bananas at 15 cents, a dozen and oranges at 20 cents a dozen.

QUARTERLY meeting services will be held to-morrow at the M. E. Church, South. Love feast at 9 o'clock, preaching at 11. Rev. J. Reeves, Presiding Elder, will preach at 7:30 and administer the sacrament of the Lord's supper after the sermon. The meeting will be continued during next week. All are cordially invited to attend.

BOLD KIDNAPING.

A Wealthy Citizen of Detroit the Victim.

HELD FOR A \$15,000 RANSOM.

A Failure in Their Plans Causes the Villains to Release Their Prisoner Who Returns to His Home Unharmed—The Story of What Occurred During His Confinement.

Detroit, March 21.—Joseph Perrien, proprietor of one of the largest flouring mills in Detroit, and a half millionaire, was called to his door by a stranger Thursday night with a message purporting to come from an intimate friend, who was reported an ill and deiring Mr. Perrien's attendance. Mr. Perrien left his home with the stranger about 10 o'clock, entered a coupe with him and went away. At 1 o'clock Friday morning the Perrien home door bell was rung, and an envelope thrust in by a young man who immediately disappeared.

The envelope contained a check for \$15,000 on the Peninsular bank, of which Mr. Perrien is vice president and a large stockholder; a promissory note for \$1,000 payable in five days, and a letter to Mr. Perrien's nephew, Mr. Hesselbacher, advising him to cash the check, negotiate the note or failing either, to raise \$15,000 on his own property, to be paid as a ransom for Mr. Perrien, who was being held by some parties whom the letter did not disclose. The letter appointed a rendezvous at which the money might be paid. The police were immediately put at work upon the case, but they had no clue either to the persons who kidnapped Perrien or to his present whereabouts.

Mr. Perrien is a bachelor, 58 years old, and extensively interested in Detroit industries and financial institutions. The letter to Mr. Hesselbacher stated that Mr. Perrien had gotten into trouble with a woman, and had to pay the money over without a word, but this statement is scouted. Both note and check bore Mr. Perrien's genuine signature.

Last night Mr. Perrien returned home safe and sound. He says that upon entering the coupe Thursday night his suspicions were not aroused until he noticed the vehicle turned into the opposite direction to his friend's house. He then threw open the door and attempted to jump out. He was met by two masked men who had revolvers to his head and forced him back into the cab, they following. They then bound, gagged and blindfolded him, the cab keeping on. He was finally removed from the cab to a room where his captors released him from his bonds, and, covering him with revolvers, forced him to write the check, promissory note and letters.

Later yesterday afternoon his captors informed him "that their game was up," but that "they would get him next time." He was then rebound, gagged and blind-folded and conducted from the room. Their course seemed to lay over a poughed field, after passing which they entered a cab and another long roundabout drive was commenced. At last Mr. Perrien was unloosed and thrust from the cab in a dazed condition, and before he recovered himself the cab had disappeared. He finally located himself at the corner of Myrtle and Thirteenth streets and, boarding a street car, reached his home at 8:30 p.m. His captors did not harm him in any way nor touch his valuable. He was furnished with good food and treated with consideration during his captivity. This story is accepted as absolutely true, and the police are making every effort to locate the perpetrators of the outrage.

STARTLING CONFESSIONS.

Story of Brutal Outrage and Robbery Proved to Be Only a Plot.

BEAVER FALLS, March 21.—Last Wednesday during the absence of Mrs. Bradley from her house on College Hill, Miss Bertha Bork, a neighbor, who was left in charge was found on Mrs. Bradley's arrival home in the evening in the cellar, bound hand and foot, and the house robbed of money, jewelry and other articles. The girl when unbound said a tramp entered the house, stole the goods mentioned and then eat his dinner and left.

Yesterday Miss Bork, who is but 16 years of age, made a confession. She said that the alleged tramp was J. H. Witherspoon, a superintendent in the employ of the Pleasant Valley street railroad of Allegheny City, who entered the house disguised as a tramp. Miss Bork and Witherspoon planned the robbery at dinner in the house and to give credence to the tramp story Witherspoon, on leaving, told the girl.

Witherspoon, who has a wife and six children, was arrested in Allegheny City last night and will be brought here to answer the charge of burglary.

SMALLPOX IN ST. LOUIS.

The City Hospital and City Work House Both Infected.

ST. LOUIS, March 21.—Last week smallpox broke out in the city hospital and thirteen cases have so far resulted, the last being reported yesterday. All the cases started from a patient, which was carried to the hospital before the symptoms had developed.

Yesterday one of the city work house prisoners developed the disease. All the prisoners have been exposed, as the man has been in the jail since Feb. 24.

Every precaution is taken to check the spread of the contagion. The work house prisoners, numbering 200, nearly all of whom have been fed by the sick man, who has acted as a dining room waiter, are much alarmed. It is probable that no prisoners can be sent to the work house for several weeks until the disease is stamped out.

Result of a Bank Failure.

JEFFERSONVILLE, Ind., March 21.—The failure of the Schwartz bank, in Louisville, is a severe blow to the Germans in this city. Barbarossa Lodge, Knights of Honor, loses \$300; Helvetia Lodge, Knights and Ladies of Honor, \$300; while mechanics, servants, and small depositors generally are caught for \$30,000.

Table Three Little Ones Swept Away
BIRMINGHAM, Ala., March 21.—Isaac Buford, a farmer living in the western part of this county, yesterday attempted to cross Valley creek in a wagon in which were his wife and three children. The creek was much swollen and the wagon and team were washed down the stream. The three children were all drowned, the youngest being washed from its mother's arms while she was clinging to a limb to keep herself above water. Buford by heroic work succeeded in saving his wife after she had released her hold from the limb in a vain effort to save her baby.

Police Hall Agreement.

CLEVELAND, March 21.—At a meeting yesterday between the League committee and Al. Johnson, a per cent amicable understanding was a rivel at and there will be no war nor trouble. The draft which Johnson holds against the National League will not be protested. On the contrary Johnson will get his money, but will give a bond protecting the League from any trouble. In the meantime he was given a week's time to satisfy the Philadelphia and Boston officials, that his claim to sole ownership of the Cincinnati Brotherhood club was good.

Caused His Little Sister's Death.

CANTON, O., March 21.—A little son of William Torbet, residing at Bayard, near here, set fire to hay in his father's barn while carelessly handling matches, and burned the building to the ground. Cora, his 10-year-old sister, was playing in the hayloft at the time. Her father, hearing her cries for help, burst open the upper door, and the little one jumped into his arms, not, however, before her hair had all been burned off and her body badly scorched. She will probably die.

Valuable Vinegar.

NEW YORK, March 21.—Ex-Alderman James Barker was arrested yesterday in his vinegar factory, West Seventeenth street on a charge of attempting to defraud the United States internal revenue of duty on fifty-four barrels of "high wines," or whisky as ordinarily called. It is alleged they were stored in a public warehouse by Barker as cider vinegar under the name of James Clark. He was held in \$5,000 bail for examination next Friday.

Cord Not Compromised.

INDIANAPOLIS, March 21.—The conference between the bosses and journeymen carpenters closed last night without an agreement and the lockout promises to continue indefinitely. The bosses refused to agree not to employ non-union men and demanded that the carpenters should agree not to quit work on account of the employment of that class. The building trades are all at a standstill yet no son of the trouble.

Schaeffer's Challenge.

LOUISVILLE, Ky., March 21.—Jake Schaeffer, who has been in this city for two days past, said yesterday that he will play Slosson for the championship in New York for from \$500 to \$1,000 a side, providing he is allowed \$250 for expenses. If Slosson will not allow the expenses he will play him a match game and not a championship game, for \$500. If Slosson agrees to go to Chicago to play Schaeffer will allow him \$250 for expenses.

Lead of a Prominent Mason.

BOSTON, March 21.—Alfred F. Chapman, proprietor of The Liberal Free Mason, died yesterday in the Clendon hotel. He was 2 years of age and was widely known in Masonic circles throughout the country.
